**DAVID MALPASS ENDORSED FOR U.S. SENATE BY  
NIAGARA COUNTY REPUBLICAN CHAIRMAN**  
*"Malpass is a Proven Fiscal Conservative"*

New York- May 10, 2010...

Niagara County Republican Chairman Michael Norris today endorsed former Reagan Deputy Assistant Treasury Secretary and Deputy Assistant Secretary of State David Malpass for U.S. Senate. Mr. Malpass, 54, is a nationally renowned economist and an established expert on the federal budget and tax policy. While serving Presidents Reagan and Bush, he worked on an array of pro-growth issues, including the 1986 tax cut, the Roth IRA and fast-track trade authority.

He has a distinguished career in economic research and writes regularly for Forbes magazine and the Wall Street Journal. Mr. Malpass cited job creation as the chief priority in addressing the economic challenges in Western New York. Lowering tax rates, repealing harmful government regulations and providing incentives to businesses, such as lower-cost energy, will spur growth and entrepreneurship. New York is currently ranked next to last in states with business-friendly climates.

"I'm proud to support David Malpass as the next U.S. Senator from New York," said Chairman Norris. "David has a 30 year record as a fiscal conservative fighting for job growth and low taxes. His experience is unmatched and New Yorkers would be extremely lucky to have him fighting for them in U.S. Senate."

*"I'm honored to receive the support of Chairman Norris," said Mr. Malpass. "I look forward to working intensively with Mike and his colleagues on reversing the policies that are hurting small businesses and focusing on bringing more jobs to Niagara, Buffalo and other upstate cities."*
